

## Applications

- Schools
- Houses of Worship
- Theatres
- Rental/Production
- Hotels

Designed to be simple enough for volunteer staff, yet powerful enough for any experienced user, the LPC series is our latest product for lighting control. Targeted at systems running a modest amount lights, the LPC offers hands on fader control for dimmers and an easy to use screen interface for moving lights and LED's. A back to basics approach is one of the elements that make this console ideal for schools and houses of worship.
